To start with Core Vocabulary using this board, simply introduce the words one at a time focusing on modeling, practicing wait time, and expecting the student to use the target word at their level.
We suggest introducing the words in this order:
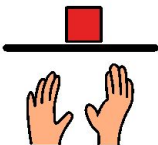

Go

Want
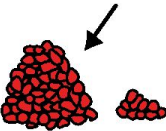

More

Finished

Yes/No

We have also included "I" so you can model sentence strands as appropriate for your student. When a student is mastering or close to mastering this board, try to upgrade them to the full board to expand core vocabulary.
Good Luck!
